# About ViraFruits Company

---

Mr. Shaabani and Mr. Hosseini's background and experience have lead us to ViraFruits, the Iranian exporter company. Since 2016 we are trying to reach our goal, which was delivering fresh and high-quality fruits to our customers and gaining their trust. Although we are satisfied with the progress we have made, but still we are seeking more success.

# Vira Fruits

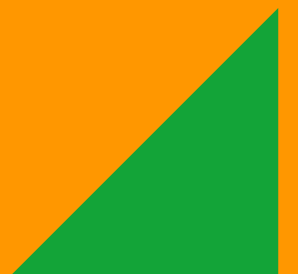

---

ViraFruits focuses on the export of apple, orange, mandarin, kiwi, onion, and dates, but we have also imported and exported mushrooms, turmeric, and bananas in response to meet customer demands.

In ViraFruits, all the steps from harvesting products from farms to sorting, packaging, transportation, delivery, and clearance are performed by our experienced team in a highly accurate, detailed, and systematic manner.

Today ViraFruits International has expanded into the Middle East, Asia, the Indian sub-continent, Africa, and Northern Europe, it will soon expand further to Central Europe, East Asia, and the Americas due to its location on the Middle East (Iran) trade route.

Most ViraFruits customers describe us as high commitment team, flexibility in contract negotiations, and on-time delivery. In order to make this possible, the young ViraFruits team utilizes the latest technology in the industry, including fruit pressure and fruit sugar measurement devices, precise control of storage environment conditions, and tracking container location, we guarantee the quality, health, and on-time delivery of your order.

**ViraFruits team, led by Mr. Shabanipour (CEO), is always looking for ways to improve the quality, follow up with customers, and solve problems and we are available to our dear customers 24 hours, 7 days a week.**
